

Sport Integrity Australia

Course and Certificate Guide

All state team members seeking selection onto the NSW State Team are required to have completed the following prerequisites to be considered for selection onto the NSW State Team. These are required to be completed with the relevant certificates uploaded when completing the State Team Nomination Form.

Gymnastics NSW has a no tolerance stand to drugs in sport. Gymnastics Australia has informed all states that Sport Integrity Australia will be present at the Australian Championships and will be performing drug testing throughout the event. All gymnasts competing at an international and national level at the Australian Championships are subject to anti-doping compliance and obligations and may be tested.

In order to ensure that all team members including gymnasts, coaches and officials are prepared for the possibility of being drug tested, as well as are aware of their rights and responsibilities surrounding drug testing, Gymnastics NSW requires each state team member to complete the online "[Anti-Doping Fundamentals](#)" (formerly Level 1 Anti-Doping Course). If this has been previously completed as a State Team member in 2021 this does not need to be repeated. Each state team member is also required to complete the "[Annual Update 2022](#)" (formerly Level 2). The Annual Update course is required to be completed each year.

All State Team members (Gymnasts, Coaches and Judges):

- Sport Integrity Australia - [Anti-Doping Fundamentals](#)
(All state team members are required to have completed the updated "Anti-Doping Fundamentals". Members who have previously completed the ASADA Level 1 will also need to complete this course in 2022. "Anti-Doping Fundamentals" completed in 2021 will still be accepted)
- Sport Integrity Australia - [Annual Update 2022](#)

Additional for **Officials Only** (Coaches and Judges)

- Sport Integrity Australia - [Competition Manipulation and Sports Betting](#)
- Sport Integrity Australia - [Ethical Decision Making - Starter Course](#)
(10 minute short course)

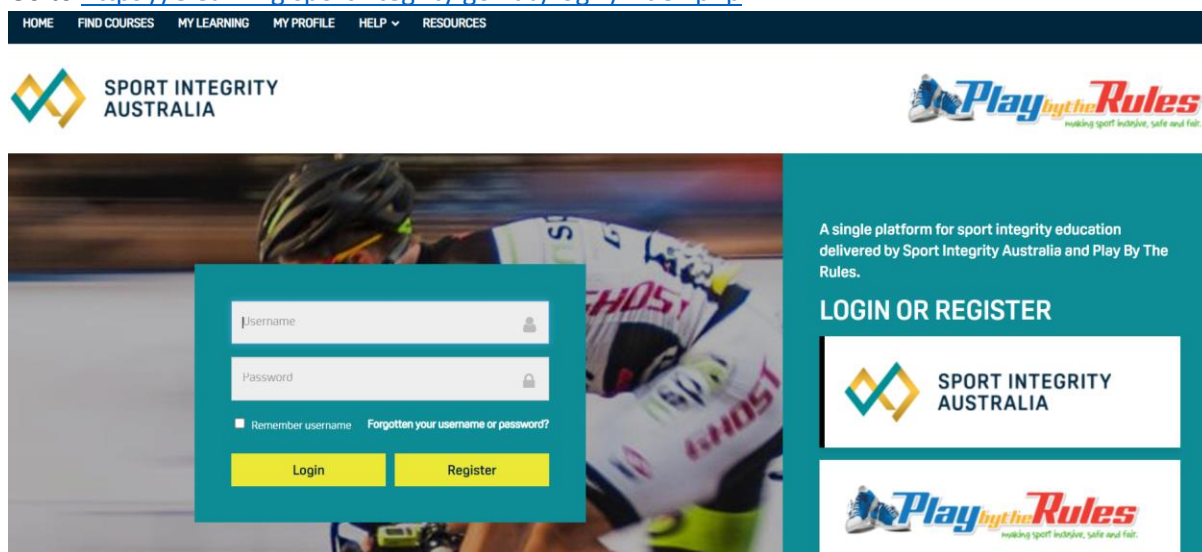

Please note: There may be a slight delay when completing one course and being able to enrol in the next course. If you experience this, please wait 15-30 mins while the system updates and then try again.

Please follow the steps below:

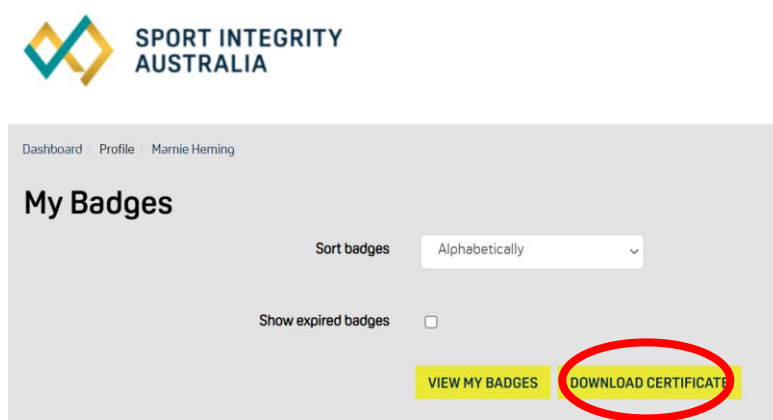

1. Go to <https://elearning.sportintegrity.gov.au/login/index.php>

2. Log in or Register
 - a. When registering and completing these courses, please ensure they are completed in the state team member name (e.g. gymnast name, not parent name)
3. From here you can either search for the course name or use the links about and in the State Team Circular
4. Complete the required courses
5. Once all required courses have been completed (2 for Gymnasts, 4 for Officials) you will need to download your certificate
6. At the top of the page you will see "Print Certificate"

7. Click "Download Certificate"

8. Only certificates as per the examples below are able to be accepted
